Dear Sir/madam,

I am interested in applying for land in the Carlingford, Co Louth area. I would like to know:

- How I can go about getting land and a licence to sell locally and abroad.
- Is there any funding available or grants that I could apply for.

I have 13years experience working on oyster farms; my family are oyster farmers. I'm very interested in starting my own oyster business.

Kind regards,

Jordan Lamph
